

SB18010032 VW CRAFTER / MAN TGE FWD (KC17060437) CRANKSHAFT PULLEY

Depending on the vehicle configuration, factory installation includes different crankshaft pulley variants under the base part number **04L105251**, distinguished by suffix letters (E, F, G, J, K, L).

All variants share identical geometrical specifications and are fully compatible with the Oliva Torras Drive Kit **KC17060437**.

However, to ensure system robustness and compliance with VW reliability standards, the recommended application is crankshaft pulley reference **04L105251 K / P** (MAN reference: 65.02201-0010).
