

# SB19100043 – New Thermal Protection

KIT KC19020481/KC19070492

Peugeot Partner, Citroen Berlingo, Opel Combo  
Toyota Proace, Opel Vivaro, Citroen Jumpy, Peugeot Expert

Due to high temperatures of the Diesel Particulate Filter and given the little distance with the frigorific pipes, we have improved the thermal protection.

## **ATTENTION:**

The new thermal protections are closed sleeves, and must be mounted before of pipes installation.

**BEFORE**

Constant Temp.: -40 to 200°C

**NOW**

Constant Temp.: -60 to 450°C
