

Iveco Daily High Performance Kits (HP)

(F1A & F1C engines)

New available HP Kits for Iveco Daily 2.3 & 3.0

Why using High Performance Kits?

The new HP kits have been designed to achieve optimum Cooling Unit capacity for intensive delivery application in urban areas.

Increase in compressor speed at idling by :

- ***32% of rpm → Daily 2.3***
- ***42% of rpm → Daily 3.0***

**The new HP kits are suitable for all the Daily 2.3 & 3.0 Euro 6 range, including the last Euro 6d-full/Euro VI-E models.*

New Mount & Drive Kits versions Summary:

- **KC23070573E** → Suitable for Daily 2.3 (F1A engine)
- **KC23100577** → Suitable for Daily 3.0 (F1C engine)
